## CHOOSE WISELY NOVEMBER 2

### VOTE ROBIN FICKER FOR COUNTY COUNCIL, DISTRICT 2

- Robin Ficker, full-time lawyer and broker, wants your vote so he can represent YOUR interests.

- In 2008, voters in District 2 passed the Ficker Amendment, which Rice opposed, by 10,000 votes. It requires all 9 council votes to exceed the inflation rate on property tax increases.

- Robin Ficker's campaign is financed almost entirely by the contributions of individuals.

***"I've lived on my farm in Boyds for 16 years. My ballot questions have received over 2 million votes."***

***"As a citizen activist, I've opposed sales, property, and energy tax increases over the rate of inflation."***

***"I was 1 of only 3 who testified against PEPCO's rate increase. Rice accepted a contribution from PEPCO's vice president."***

- Craig Rice wants residents to vote him into a job on the Montgomery County Council. But he doesn't understand our concerns because as recently as 5/15/09, he claimed residency in Silver Spring. (Marisol Sharma vs. Craig Rice, 72998FL, Paternity & Custody, Montgomery County Circuit Court)

- District 2 residents have been disappointed in Rice's pro-tax record these past four years as state delegate where he supported tax increases on income, sales, cars, computers, millionaires, & corporations.

- Union and developer special interests dominate Rice's contributions.
